- Leave no trace of lint, streaks, or scratches
- Clean with or without chemicals

Microfiber Auto Cloths

These multi-purpose microfiber auto cloths are ideal for interior and exterior use. Use one microfiber cloth to remove water, polish, wax, or a second cloth to wipe windows with a streak-free finish. Use a third cloth to lift dust from interior surfaces.

CAUTION

The Microfiber Auto Cloths are streak and scratch-free. However, the fibers can pick up residues that might scratch. After each use, wash the cloths to release trapped dirt and particles.

Product name: Auto Cloths

Product code: 1828-102

Size: 20" x 20"

Composition: 100% microfiber

Quantity: 3pk
